

**Flange of Fastening** Anodized Alluminium

**Rod** Stainless Steel

**Working Temperature** -10 °C to + 90°C

**Electric Features**

- Electric connection according to DIN 43650
- Electric protection according to DIN 40050: IP65
- Electric Reed contacts in exchange

**Maximum Load on the Electric Contacts**

- AC < 48 V - 0.5 A
- DC < 48 V - 0.5 A
- 30VAC/VDC - 0.2 A

**Installation** Must be foreseen at least at 50mm from ferrous walls and far from magnetic fields
