

Bolle Safety (BOLLILUPSI)

ILUKA Safety Glasses - Clear

Bolle Safety ILUKA Safety Glasses are light and ultra-enveloping, making them suitable for narrow faces. Their thin, co-injected temples provide optimal support throughout the day and will easily fit under a protective helmet. The ILUKA Safety Glasses are approved for permanent wear and certified with perfect optical quality. They conform to EN 166 standards and provide protection against low energy impact. The clear version of the ILUKA glasses provides 99.9% protection against UVA/UVB. Specification: Lens Type: Clear, Anti-Fog and Anti-Scratch Lens Conforms to: EN 170-UV 2C-1.2 Frame Conforms to: EN 166FT
