

Milwaukee Power Tools (MILM12BPS42)

M12 BPS-421X Cordless Sander/Polisher 12V 1 x 4.0Ah/1 x 2.0Ah Li-ion

The Milwaukee M12 BPS Cordless Polisher/Sander has a variable 2 speed selection for both polishing and sanding applications. It has a compact design, only 130mm, which allows access to hard to reach areas and a spindle lock allows for fast, tool-free accessory change. It has a large capacity of up to 76mm polishing sponge and 50mm sanding pad size, for fast job completion and comes with a detachable 2 position side handle. It is capable of a long run time allowing frequent task completion with one battery charge. It is fitted with REDLINK overload protection electronics in the tool and battery pack that delivers best in class system durability and individual battery cell monitoring optimises tool run time and ensures long term pack durability.

M12BPS-412X: 1 x 12 Volt 4.0Ah and 1 x 12 Volt 2.0Ah Li-ion Battery.

M12BPS-0: Bare Unit, No Battery or Charger Supplied. Specification

Oscillating Speed: 0-2,800/0-8,300/min. Disc Diameter: 76mm Spindle: M9

x 0.75 Weight: 1.0kg Milwaukee M12 BPS-421X Cordless Polisher/Sander

12 Volt. Supplied in a Kitbox with 1 x 12 Volt 4.0Ah Li-ion battery, 1 x 12

Volt 2.0Ah Li-ion battery and a 40 minute charger.
