

Scan (SCAPPESPCLCL)

## Classic Glasses - Clear

These Scan classic spectacles offer protection against low energy, high speed impacts of up to 45m/s (100mph). They are wraparound with a one-piece, scratch resistant, clear polycarbonate lens that provides UV protection. The built-in side shields provide extra lateral protection. The spectacles are lightweight with adjustable ratchet arms, which give greater comfort and fit. Conform to EN166:1F. Single Scan Classic Spectacle Clear.
