

Bolle Safety (BOLPILOPCSP)

Pilot Ventilated Safety Goggles - CSP

The Bollé Pilot Ventilated Safety Goggles are fitted with a toric optical class 1 polycarbonate lens and a Platinum double sided anti-scratch and anti-fog coating. Offering an excellent field of view. The ultra-flexible co-injected TPR housing provides increased comfort. With a wide fully adjustable strap that guarantees the wearer optimum levels of fit and comfort. They also fit over prescription spectacles. Conform to EN 166/170/172 1BT 3,4,9 K,N. The Bollé Pilot Ventilated Safety Goggles have a CSP lens. This coating is recommended for extreme hot or cold conditions and activities that alternate exposure to bright/low light. Also filters blue light.
