

Lighthouse (L/HSWIVELCOB)

Lighthouse COB Swivel Light & Torch 220 Lumen

The Lighthouse COB Swivel Light Torch features a 3W COB LED work light providing a powerful 220 lumen output floodlight, along with a bright spotlight function and a 3 LED flashing hazard light system. The torch has a run time of between 6 to 8 hours depending on the function selected. The unique swivelling base allows the torch to be set at a convenient angle for the job at hand. It features the additional advantage of a magnetic base so that the torch can be attached to metal surfaces, along with a convenient folding hang hook, making this torch ideal for use in most situations. Supplied with 3 x AAA Cell Alkaline batteries. Specification: Floodlight Output: 220 lumens Spotlight Output: 120 lumens

Type
Swivel
