

Scan (SCAPPEWELFL)

Flip-Up Welding Helmet with DIN 11 Lens

The SCAN Flip-Up Welding Helmet has high density polymer nylon welding face and shield, which is highly durable, resistant to high/low temperatures and flame retardant. Its flip-up lens is manufactured to DIN 11 standards for excellent protection. For a secure fit, the welding helmet has an adjustable ratchet harness. Lens size: 108 x 50mm Replacement Lens: SCAPPEWELLEN
