Hi-Vis Yellow Full Zip Fleece - L (42in)

Scan High-Visibility Yellow Fleece Jacket is an ultra warm 350gm thick full zip fleece, made from 100% PES (polyester). Its fluorescent background is highly visible during the day. The jacket features HiVizzD technology, which increases the high visibility nature of the retro-reflective bands, enabling the wearer to be seen at greater distances when illuminated. It is ideal for traffic, construction, signage, public works and any activity that requires presence signing of the user. It has side pockets and elasticated cuffs. Conforms to EN 340, EN 471 Class 3. PPE CAT-II. Colour: Yellow. Size: Large.
